*Note: These are example premiums only. Consult your insurance agent for a premium specific to your property.

¹ Pre-FIRM – Construction **before** the effective date of the **initial** FIRM for the community

² The premiums shown are based on a standard deductible. Additional deductible options are available up to \$10,000.

³ Rates are as of **April 1, 2015**; premiums include the Federal Policy Fee, Increased Cost of Compliance Fee, and Reserve Fund Assessment. These **do not** include the **HFIAA surcharge** (\$25 for primary residence; \$250 for all other buildings) nor any CRS discount.

⁴ Preferred Risk Eligibility: Starting April 1, 2015, PRP Eligibility Extension was replaced by the Newly Mapped Property rating option. Check the **Flood Insurance Manual** for the PRP rating options and eligibility rules.

⁵ Rates based on the building being insured for 75% or more of replacement cost.

*Note: These are example premiums only. Consult your insurance agent for a premium specific to your property.

** For flood insurance rating purposes, a primary residence is a building that will be lived in by the insured or the insured's spouse for at least 50 percent of the 365 days following the policy effective date. If the building will be lived in for less than 50 percent of the policy year, it is considered to be a non-primary residence.

¹ Rates are as of **April 1, 2015**; premiums include the Federal Policy Fee, Increased Cost of Compliance Fee, and Reserve Fund Assessment. These **do not** include the **HFIAA surcharge** (\$25 for primary residence; \$250 for all other buildings) nor any CRS discount.

² This is the elevation difference between the top of the bottom floor and the highest adjacent grade
